"Consciousness is the state of being aware and responsive to one's surroundings"

State: enacted & metastabilized recursive form > self/world perspective

Responsive: sensorimotor integration > enacted homeostatic schemes

Surrounding: inner-semantic (1PP) & outer-constants (3PP)

**The BidimenTionality of the Living
(1P-3P Extended Perspective² & Regulation²)**

N.B.: BidimenTional Perspective (1PP-3PP Epistemology) = Dual formal scientific & analytical pererspective + Synthetic embodied phenomenological lived experience through hermeneutical circulation and iterative co-determination.
